

DIY Wedding Flower Planning Worksheet

Use this worksheet to plan your floral needs. Fill out each section with estimated counts, flower types, and important notes.

Arrangement Type	How Many?	Flower Type(s)	Est. Stems	Notes
Bridal Bouquet				
Bridesmaid Bouquets				
Boutonnieres				
Corsages				
Centerpieces				
Ceremony Flowers				
Bar / Cake / Welcome				
Other (Signage, etc.)				

Flower Totals & Ordering Timeline

Use this section to calculate your total stem count and keep track of your flower order timeline.

Calculation	Total
Total Estimated Stems	
Total Bunches ($\div 10$)	
+ 10% Buffer	
Final Order Quantity (Bunches)	

Checklist Before Ordering

- I know how many arrangements I need
- I've picked my focal and filler flowers
- I've added greenery to stretch my stems
- I've scheduled delivery 2-3 days before the wedding
- I'll hydrate and store flowers right away
